Summary

Explore the evolution of the classic gravity knife with a twist—introducing the Gravity Toy Knife Remix! Inspired by the iconic EXO design, this toy now comes with a unique feature: a slot for inserting a door key, adding a practical edge to the playful experience. No screws or glue required for assembly, just print the parts and enjoy the effortless deployment.

Features

Hassle-Free Assembly: Forget about screws and glue! The Gravity Toy Knife Remix effortlessly assembles, making it a user-friendly addition to your collection.

Key-Compatible Design: Now featuring a widened frame to accommodate a standard door key, this remix takes the gravity knife to a new level of functionality. An outer shell ensures the key stays securely in place during deployment.

Fully 3D-Printable: From the blade to the outer shell, every part of this Gravity Toy Knife Remix is 3D-printed for a seamless and customizable experience. No need for traditional screws; just print and play.

Safe & Enjoyable: Built with playfulness in mind, the blade securely retracts until gravity takes over. The intentionally blunt blade ensures a safe and enjoyable experience for users of all ages.

Dimensions

- Blade Length: 103mm (closed) / $\approx$ 187mm (open)
- Blade Width: 41mm
- Knife Thickness: 16mm
